

EXPLAINED

CREATING GLOBAL CITIZENS

Pick 'N' Mix any number of workshops from a range of topics. All the resources are **FREE** and prepared for you. You will use inspiration from the workshop(s) to decorate beautiful plant pots so there is a compulsory minimum of 1 other workshop before the pot painting workshop

Complete the workshops to fit in with your schedule, there are **no deadlines**!

Complete the pot painting workshop. The aim is to sell half of them for charity and keep half. We recommend ordering 2 - 6 pots per participant

Optional and seasonal: Collect tree seeds and complete the seed propagation workshop, planting some in your painted pots. We can deliver saplings to you if seed collection is not feasible

We create a **Global Citizenship account** for your group to place funds into. At the end of the year we will donate the total to the charity/programme of your choice

Plan a fundraiser to sell half of your pots and saplings. We will sell a selection of the best at **RHS Chelsea Flower Show** for you!

Choose where to donate your funds!
You can re-use your Global Citizenship account in the future, so keep fundraising! A running total will be kept on your account for people to see how much your group has raised for great causes!
